DISCUSSION GUIDE
LET'S *talk.*

If you're 45 years of age or older, you know it's time to talk to your healthcare provider about colon cancer screening. Cologuard® is a noninvasive test for average risk patients that uses the DNA in your stool to detect colorectal cancer. It requires no special preparation, no time off and it's easy-to-use at home!

Print this Discussion Guide and take it to your next to your next healthcare provider appointment.

Include your full medical history when discussing the following questions. Ask if Cologuard is an appropriate screening option for you.

**ANSWER *this:***

Have you ever been screened for colon cancer?

☐ Yes ☒ No

Have you been avoiding screening?

☐ Yes ☒ No

ASK *this:*

☐ What are my risk factors for colon cancer?
What are the symptoms?

☐ What are my screening options?
How do they differ?

☐ Is Cologuard right for me?

Healthcare Providers

Ready to order Cologuard? Visit **CologuardTest.com** to download an order form today. To learn more or contact us, call **1-844-870-8870**.

Cologuard is intended to screen adults 45 years of age and older who are at average risk for colorectal cancer by detecting certain DNA markers and blood in the stool. Do not use if you have had adenomas, have inflammatory bowel disease and certain hereditary syndromes, or a personal or family history of colorectal cancer. Cologuard is not a replacement for colonoscopy in high risk patients. Cologuard performance in adults ages 45-49 is estimated based on a large clinical study of patients 50 and older.

The Cologuard test result should be interpreted with caution. A positive test result does not confirm the presence of cancer. Patients with a positive test result should be referred for diagnostic colonoscopy. A negative test result does not confirm the absence of cancer. Patients with a negative test result should discuss with their doctor when they need to be tested again. False positives and false negative results can occur. In a clinical study, 13% of people without cancer received a positive result (false positive) and 8% of people with cancer received a negative result (false negative). Rx only.

Prior-Authorization Code (if available): NA, But test Abidefg

PATIENT AUTHORIZATIONS, ASSIGNMENT OF BENEFITS (AOB) & FINANCIAL RESPONSIBILITIES

I authorize Exact Sciences Laboratories (Exact) to bill my insurance/health plan and furnish them with my Cologuard order information, test results, or other information requested for reimbursement. I assign all rights and benefits under my insurance plans to Exact and authorize Exact to appeal and contest any reimbursement denial, including in any administrative or civil proceedings necessary to pursue reimbursement. I authorize all reimbursements to be paid directly to the laboratory in consideration for services performed. I understand that I am responsible for any amount not paid, including amounts for non-covered services or services determined by my plan to be provided by an out-of-network provider. I further understand that if I am a Medicaid enrollee in a state where Exact is enrolled as a Medicaid provider, Exact will accept as payment in full the amounts paid by the Medicaid program, plus any deductible, coinsurance or copayment which may be required by the Medicaid program to be paid by me.
